Drain Plan Gets DC Ok

City council Monday night ordered Engineer Edwin Smith to go ahead with final plans for a $98,000 storm drain project to serve southern Daly City.

No decision was made as to how the expansion job would be financed but according to statements made by City Attorney Frank Blum an assessment district is the only practical answer.

In answer to queries from members of the Hillside Improvement club present at the meeting, Blum said city-wide financing of the program was out of the question. He explained that to pay for the project through a levy on the general tax rate of 20 cents per $100 assessed valuation would take at least two years.

"Cut And Dried"

"Then it's all cut and dried," commented J. H. Walorinta, 345 First avenue, member of the Hillside group. "I thought the council was going to study various methods of financing the drainage. It appears it's going to be an assessment district and that's it."

Walorinta said, "I understand this is going to cost an average of about $50 for each homeowner. What if the price jumps to $150,000 instead of $98,000?"

"It is very unusual for us to approve a job that far above the original estimate," The City engineer replied.

Smith pointed out that assessments will amount to between $40 and $45 in some districts, $25 to $35 in others and as high as $90 for large lots and semi-developed areas.

"You'll be given prior notice estimating your payment within three or four per cent," Smith said.

Pay In 20 Years

Smith explained that the assessments could be paid off in cash or over a period up to 20 years.

"What's the use of discussing financing when you already know what it's going to be?" Walorinta asked the council.

"You people want the job done this year," retorted Blum. "If you

Lewkowitz offered to donate five cents to the polio fund on every gallon of gas sold Sunday.

Richfield Co. officials liked the idea and dropped by to help Joe. If you stopped there Sunday you probably had a $50,000 a year man filling your tank and a $30,000 a year "subordinate" putting air in your tires. The $15,000 a year "flunkies" wiped off windshields.

Incidentally, Lewkowitz' venture got some mighty good plugs from the pulpit, as area ministers advised their congregations to "get gassed up" at his establishment.

DOELGER SUBSIDY OF BUS FOR SIXTY DAYS IS UP FOR SF APPROVAL

Henry Doelger announced that he will subsidize the No. 76 bus (Broadmoor-Westlake) for two months at a maximum of $600 a month. A formal agreement was scheduled to be drawn up for submission to the Public Utilities Commission.

During the subsidy period Doelger and the city of Daly City would try to work out an annual contract with Municipal Railway to maintain service here. The contract, presumably, would make provision for the elimination of the No. 76's $6000 annual loss.

A possible re-routing of the Broadmoor-Westlake bus to reduce service in Broadmoor and thereby reduce costs has been indicated for the subsidized period.

The proposed contract with the Muni officials conflict with statements made at Monday's council meeting that the city would consider outside bus companies to provide local service.

Private Bus Line

Councilmen urged at the Monday night meeting that the city transportation committee be reactivated to study the possibility of bringing in a private bus company. They unanimously held that Daly City should subsidize the Muni Railway losses on the No. 76 line only as a final resort.

The whole issue was re-opened last month when Muni officials proposed the discontinuance of Broadmoor-Westlake and No. 56 (Cemeteries) service, claiming that the two lines are losing $6000 and $29,000 respectively annually.

Muni Ultimatum

Muni representatives told Daly City officials last Friday at an emergency session that if they didn't come up with a solution by Wednesday the buses would be out of service in two weeks. The Doelger offer may change the situation.

According to Dan Andersen, "It boils down to who's willing to pay what." A representative of the Broadmoor Property Owner's association, Amos Bechtold, told the council that his group's bylaws did not permit subsidy. Daly City declares that if subsidy is undertaken, Broadmoor must pay its share or be without bus service.

County Subsidy "Remote"

Robert Stallings, county manager, speaking for San Mateo county, declared that chances for a county subsidy were remote. He pointed out that five bus companies have asked for subsidization. If Daly City were given financial aid, the county would have to give similar aid in other cities, Stalling said.

Frank Blum, city attorney, reported he had not yet determined whether it was legal for a city

GROCER CLERKS STILL OUT -- NO SETTLEMENT TALKS SCHEDULED YET

The nine-day-old strike of AFL Grocery Clerks and lockout by the Retail Grocers association of San Francisco shows no signs of settlement today. Clerks are maintaining picket lines at Daly City union markets.

Francis Tissier, retailer's secretary, repeated today that his group "is willing to arbitrate, conciliate or negotiate" with union representatives. In answer to Tissier's statement, Dave Selven, spokesman for the grocery clerks union, said "we have not been advised of it."

As the deadlock continues, more and more independent owners are signing the union contract, according to Selven. So far, 400 grocers have signed with us," Selven stated. He affirmed that this accounts for a majority of the clerks affected by the strike.

Closes

Meanwhile both sides have exchanged charges. The Retail Grocers' claim a package wage increase offer was not submitted to the union members by its leaders. For their part the AFL Grocery Clerks union has filed an unfair labor practices complaint with the national labor relations board charging illegal lockout.

Thus far clerks have maintained picket lines at approximately 50 stores remaining open with supervisory personnel.

Last Thursday members of the association began laying off AFL grocery clerks in retaliation of the union's strike. On Monday the union filed a $200 claim in dismissal notice with the State Labor Commissioners. In addition, they claim back pay for some of the 400 clerks, allegedly due at the time of the lock-out, plus penalties that could amount to $5000 a day.

Tissier declares the claims "without foundation. There have been no dismissals. The clerks were just laid off," he said.

The association says that 150 stores or grocery departments were shut down, and that a total of 900 clerks had been "laid off" by the 400 members.

Main Issues

Union spokesmen claim the main issues are wage increases, Sunday and night differentials and a three-week vacation. They also say the clerk-manager issue was brought up to cloud the dispute.

Tissier has maintained that the main issue in the strike and lockout is the union's position on clerks' and managers duties.

The federal mediation and conciliation service has offered to assist the two groups in settling their differences. But except for the charges flying back and forth, neither party has taken the initiative on effecting a settlement.

Police Commission Asks Move Up Of Cop Shifts One Hour

Daly City police commission Monday night recommended that police shifts be moved up one hour, as proposed by Councilman Del Wilson.

Under commission plan, shifts would start at 8 a.m., 4 p.m. and midnight, instead of 9 a.m., 5 p.m. and 1 a.m.

Other commission action Monday included:

1. Recommended 2-hour parking limit on Brunswick extension when it is completed.
2. Suggested proposal to make Brunswick a through arterial to Geneva avenue be turned over to traffic experts.
3. Ordered an examination be held for another partolman position.
4. Suggested moving arterial at Mission, Flournoy and Crocker and removal of arterial at Park Plaza and South Mayfair.
5. Suggested making Junipero Serra boulevard six lane instead of four.
6. Called for Inspector Henry Sundermann to make a study of traffic at Dorchester and Alemany.
7. Proposed installation of traffic signals on Southgate.

Appoint Study Group On 5¢ School Rec Tax

Plans for imposing a five cent per $100 valuation tax on the Jefferson Elementary School district for recreation purposes were discussed at a meeting Wednesday night in the city hall.

Joint use of recreation facilities was also proposed at the meeting, attended by representatives of the school board, city council, Sterling Park and Broadmoor.

Chief problem in levying the five cent tax, according to School Superintendent H. Z. Weibel, is what to do about unincorporated areas oustide Daly City.

He said funds from the tax would be apportioned so that each area got a share of the moneys raised. Were the district to impose the five cent tax, legal under the state community service law, about $15,000 annually could be raised.

Use Of Sites

Mayor Joseph Verducci pointed out that although the money is an important part of the joint recreation program, use of school sites interests the council even more. He explained that the city would like to develop, equip and staff property at Olympia, Westlake and Colma schools.

Although the group agreed, in general, on the joint venture for recreation, school board members said representatives of unincorporated areas questioned methods of operating the program.

Trustee Henry Kraus said he would like a written legal opinion from school district trustee Lyal Edson on the legality of the school district spending money for recreation other than its own. He also asked that a method of disbursement of the money be outlined.

Tiny Tot Facilities

Thomas Noonan, representing Sterling Park along with Victor Nobles, said his opinion was that joint use of recreation facilities was fine but the biggest problem in his area was taking care of preschool children's recreation needs.

"We're interested, but we definitely want an equitable share," said Everett Heick, representing several Broadmoor organizations.

Elman Rose, James L. Snell PTA delegate, said, "I believe everyone is agreed in principle that the money would be well spent. The primary thing is to determine how much and where."

Mayor Verducci said the city would be committed to spending as much, or more, for recreation facilities on school sites, than the district allocates from the five-cent tax.

Weibel said if the board of trustees approves the tax it could be put into effect on the 1955-56 budget, which is submitted July 1.

He indicated funds could be made available almost immed-

Commission Asks Librarian Date Extended 30 Days

Members of the library commission decided Wednesday night to request the civil service board of review to extend the closing date for children's librarian application from February 18 to March 18. The additional time is needed primarily to review applications already received and also for consideration of further applicants.

Miss Virginia Ross, county librarian, reported that the board of supervisors have expressed their willingness to cooperate on the proposed Westlake library branch. She outlined an approximation of the branch's operation. The staff would consist of two full time employees and two part-time help.

Full-time employees would be the librarian and assistant; a clerical worker and a page would be hired part time. The proposed branch would operate 30 hours each week, serving Daly City and Broadmoor.

Miss Ross' tentative plans call for Daly City paying the building maintenance. She added that there is a strong possibility that the county would furnish the library's basic needs.

A general discussion of future plans for the new library and its location ended when the chair adjourned, scheduling a meeting with Jack Kendree, representing Henry Doelger, tomorrow (Saturday) at 2 p.m.

After a lengthy session Monday night over who has jurisdiction to plan the Westlake library branch, Mayor Joseph Verducci directed library commissioners to start negotiations immediately with Henry Doelger officials for lease-purchase of property and a building on Fairway drive.

Commissioners, represented by Chairman Wayne Carr, said they had come before the council to ask the city's authorization in proceeding with negotiations for a Westlake site.

The council's answer, as summed up by Attorney Frank Blum, was that, "The library commission is an entity in itself. You people have the power to buy and sell

Unlocked Car Is Invitation To Thief

An unlocked car, keys and a full tank of gasoline were evidently too much of a temptation for somebody. The two-door vehicle was parked in front of 69 San Pedro avenue last week. Becker Asks Aid Of Volunteers In Red Cross Drive

Charles Becker, Daly City director for the Red Cross "One Day" membership-fund drive on March 5, today appealed for volunteers to assist with the campaign locally. Becker said that in other peninsula cities, the directors have had enthusiastic response and numerous offers of help from local citizens because of the minimum amount of work involved in a one-day campaign. He pointed out that it should be a matter of civic pride to Daly City residents to insure the city's making its quota of $2100. Daly City has made its goal in past years, and

B'MOOR COMMITTEE REPORT SET TONIGHT

J. R. Buchanan, 607 Manila way, will report on the Coro Foundation tonight (Friday) to members of a citizens' committee formed to investigate the possibility of annexation, incorporation or retaining the status quo in Broadmoor.

Tom Noonan, chairman, will open the meeting at 8 p.m. in the Colma fire house.

Planning Commission Approves Rat-Proofing

The planning commission approved a recommendation by the building inspector to require the rat-proofing of all buildings at a Tuesday night meeting.

A suggestion by City Administrator Dan Andersen, to set-back houses 20 feet from property lines will be acted upon after further investigation. Andersen's letter said that this set-back would relieve street congestion in that cars could be parked in driveways, without blocking street facilities.

The commission went on record as agreeing with the proposed new county ordinance establishing a 500 feet set-back for outdoor advertising. A letter from the recreation commission concerning city park sites was read. The recreation group asks that sites be selected as early as possible. Their letter referred to the four acres to be purchased by the city for additional park facilities.

No action was taken on Ricco Lagomarsino's request of resubdivision in Abbey Homestead, pending legal opinion. The commission voted approval on a hearing of Henry Doelger's request of the rezoning of Westlake unit 5H, changing the commercial rating to the of single and multiple residences.

Narcotics Suspect Home Burglarized

While Richard L. Tooke, 22, of 42 Tallwood drive, is in a San Francisco jail on a narcotics charge, someone has been stealing his clothes.

His mother, Mrs. Blanche L. Walker, reported the theft to Daly City officers last week. The burglar, prying the locked rear bedroom window, took clothing and jewelry valued at $77.

The thief carried off one pair of suede shoes, three shirts, stockings, a tan overcoat and a 25-year-old diamond chip ring. Mrs. Walker further stated that this was the second burglary, the first occurred on January 10. At that time Tooke was living at home. The incident was not reported to police as Mrs. Walker said she was "confused."

The first time the housebreaker took a white sport coat, two pairs of slacks and two shirts.

Tooke was arrested by authorities in connection with the breakup of a narcotics ring, said to be operating in San Francisco and Daly City.

CITY MANAGER HEARING MONDAY

Citizens will be given a chance to express their opinions on the city management form of government at a public hearing Monday night in the city hall, beginning at 8 p.m.

The city manager government, which delegates strong power to the manager, may be brought into action by ordinance.

The council has set a hearing to determine public reaction to the strong manager type government.

Stolen San Josean's Car Recovered In Daly City

A San Jose man, whose car was stolen in San Francisco, can claim his recovered property in Daly City today. Ralph Trillo, San Jose, reported the theft of his sedan to San Francisco police last Tuesday. Wednesday, Daly City officers found the car abandoned at 7200 Mission.

RAINING CATS AND DOGS

Animal Population May Take Drastic Upswing Next Year

By Gloria Lorenzo

Charley Maschinot, poundmaster, estimated today that the local animal population will reach 15,000 in 1956. So many dogs and cats running loose can cause a great deal of damage, perhaps injuring children and adults.

Danger from animals over-running the city may sound like something straight out of science fiction. It isn't. It can and may happen in Daly City.

Meager Facilities

The city has a pound to handle this growth. The meager facilities consist of one man, a truck and a small building. The man is Charley Maschinot, poundmaster. Charley puts in a seven-day week, driving the truck, picking up sick, dead, and unleashed animals, feeding and caring for his charges.

As the city grows, the animal population increases. The ratio is one dog per ten humans, according to the SPCA.

Last year Charley had to destroy 1008 animals, mainly dogs and cats. In 1953 483 animals were killed. Over 2200 animals in all categories were handled by the pound in 1954, as against 1000 in 1953. In a single year, the number doubled, although the facilities remained the same.

No Heat In Pound

These animals were housed in the main room, with its cracked cement floor and without heat. The hopelessly antique ordinance passed in 1911 provides for little more than temporary housing. Forty years ago the telephone was a luxury. Now it is considered a necessity. Our pound has no telephone to protect the public or the poundmaster.

Charley recalls the following incident. Al Perada, a previous poundmaster, was trapped in the pound by a vicious dog. It was only luck that brought a water company man to the building on a dirt road at the end of Thiers street. Charley added that about the only citizens who know the location of the pound are the children. They come to look and occasionally take a dog home.

In the rear of the pound is a small room dominated by an oblong airtight box, the lethel chamber. During this interview there was an old dog, 14 years old, in it. The dog had all the infirmities of the aged. By now he is asleep and will never wake.

However, the law requires more than merciful killings. After three days Charley must carbon monoxide unclaimed animals. (These are most of the animals.)

Unwanted Pets

Ninety-eight out of a hundred dogs are never claimed by their owners, according to Charley.

Animal Population Make Take Upswing For Next Year

(Continued from Page 1)

They are either unwanted or else our residents do not know there is a city pound.

"No one wants the cats or kittens," Charley related. The accomodations for cats? Deplorable!: One cage, 36 by 48 inches. During the peak of the season last summer, there were 80 cats crowded into that cage. The SPCA condemned it as inhumane.

No Contact With Truck

Direct contact with the pound truck is impossible. No radio. There are no facilities for direct report of emergency calls such as mad or dead dogs, even though your child or dog might need immediate protection or service. The 1911 city ordinance doesn't provide for it. The ordinance doesn't provide for disinfectant, paint or other janitorial needs of the pound. There is no heat for the strays, unlicensed or sick animals housed in the pound building. The SPCA has recommended oil heat.

Seven-Day Job

In view of the animal population growth, Charlie has requested a deputy poundmaster to aid him in 1956. The job is seven days a week at present. The pay, lowest of city employees, is $295 per month. The duties include driving a truck, picking up stray, sick and dead animals, feeding, caring for and destroying them when they are not claimed by the owner.

In addition to this Charley is raising four children, a seven-year-old German Shepherd named Quecnie, a year old duck, Donald, and a parakeet called Bill, four years old.

Pedigrees To Mutts

During the boarding period at the pound, prospective owners can choose anything from a pedigreed spaniel to a 57 variety mutt. The charge is a $2 license and the 75c per day feeding charge.

Under the law, owners are liable to a $300 fine if their unlicensed dog is picked up. The same law, passed in 1936, limits the numbers of animals to 25 per person. Charley is asking for a new ordinance to fit the problems of Daly City, 1955.

Broadmoor Officer Named As Sergeant

Gale Galusha, officer on the Broadmoor police force, has been appointed to the rank of sergeant on a six-months probationary period, the Broadmoor police commission announced at their meeting Wednesday night.

An officer in Broadmoor three years, Galusha will remain on patrolman's salary of $365 until probation period is up, at which time his wages will be increased to $375.

Pictures Scheduled At Next Story Session

Pictures will be taken at the children's Story hour at the Daly City library Wednesday at 3:45 p.m.

All children in the elementary grades are invited to attend. The Story-Telling hour has been resumed now that Mrs. Rose Plummer has recuperated from her long illness.

The education channel, KQED, presents a story hour program each Monday at 5 p.m. featuring fairy tales and folklore.

Doelger Subsidy Of Bus For 60 Days Up For SF Approval

(Continued from Page 1)

to subsidize a bus line.

Cemeteries Line OK

County Supervisor Thomas Callan Sr. of Colma, voiced a speculation that San Francisco would never pull out the No. 56 (Cemeteries) line because it serves so many of their own citizens. "I met with four S. F. supervisors last week," Calan stated. "I don't think there is any danger of losing the Cemeteries bus." According to Callan, the S. F. officials said that they would be happy if the No. 76 losses were absorbed.

Giving his opinion on other comments to the effect that there was no imminent danger of losing the No. 56, Mayor Joseph Verducci said, "That's not a safe assumption. If we just let this go we're gambling. Even if they continued service on the No. 56 it might be drastically curtailed."

The consensus of the council was to negotiate both lines as a "package" deal to continue present service.

Councilman Micheal De Bernardi's proposal to re-activate the transportation committee in an effort to bring in an outside transit firm was approved by fellow councilmen. A company from South San Francisco has offered to operate their buses here.

"In the meantime," Verducci said, "We got to go to San Francisco with a concrete proposal to eliminate losses and keep the buses running."

Andersen pointed out that the PUC will meet next Monday night to make their recommendation on fate of the two local bus lines. The following Monday their recommendation will go before the board of supervisors, who will come up with a final decision.

List Proposals

According to Mayor Verducci Daly City's proposition which will be presented to the PUC today includes: 1. A plea to keep the No. 56 running because San Francisco has a "moral obligation" to its buried citizens. 2. Some sort of subsidy on the No. 76 to take care of the $6000 annual loss.

"I don't know how but we'll come up with some sort of subsidy," Verducci declared. He indicated the Doelger company would provide a portion of the money to offset losses.

Earl Taylor, representative of Cypress Lawn Cemetery, gave further weight to the argument that the No. 56 would not be lost, pointing out that, "San Francisco recognizes its moral obligation to its people. I don't think you have to worry about the No. 56."

Joseph Toboni of Westlake told the council that the Westlake Improvement association was very much interested in transportation and would do whatever possible to alleviate the problem.

At the close of Monday's meeting special transportation discussion was called for on Tuesday of next week at 8 p.m. in the council chambers. All interested groups and areas have been invited to send representatives to work out a long-range transportation program.

Commission Asks Librarian Date Be Extended 30 Days

(Continued from Page 1)

I think this discussion is just going around in a circle. It's the commission's duty to come in with the facts and then ask the council's recommendation."

Can't Hold Off

Pointing out earlier that the library commission could proceed no further without council approval, Carr said, "We've got 14,000 people out there. I don't know how much longer we can hold them off."

Commissioner Lionel Farber added, "We'd like the city to formally approve the site. We want a committment on the lease-purchase arrangement. Our original idea was that the builder would supply all the plans."

He added that, "The city must approve our action first. So far we've heard a lot about the Westlake site but the council has not gone on record in the matter yet."

Mayor Joseph Verducci answered that, "Nothing specific has been brought to us."

"Who's In Dark?"

City Administrator Dan Andersen said he had met with Jack Kendree, Doelger representative, on two occasions and discussed the site at the end of Fairway. "I've been reporting to the council on my progress. Who's in the dark? This discussion makes it look like 't is me."

Kendree said later in the meeting that there had been some misunderstanding about Doelger's role in the library branch. "If you people want to work out a lease-purchase arrangement then we'll take care of the whole deal, plans and all."

Kendree explained that he had previously been given to understand the commission was going to build their own building. On that basis, he pointed out, the Doelger firm could not undertake to draw up the plans.

The council asked commissioners to have plans drawn up and return to the city with a cost estimate on the library branch project.

If Broadmoor residents are allowed use of the library, San Mateo county will lend financial assistance, Carr pointed out.

In addition, county money now being allocated to the Bookmobile serving this area could be turned over for operation of the library. With completion of a branch here, the Bookmobile could be abandoned, Carr said.

Drain Plan Gets Daly City OK

put it on the general tax rate as a city-wide project it'll take at least two, probably three years, to get the job done."

In addition to a general tax levy and an assessment district, Blum said there was one more method of financing — a general obligation bond. "The bond issue would take a two-thirds vote," Blum told Walorinta.

Ask City Aid

Another member of the audience, William Lesher, 417 Castle street, president of the Improvement club, compared the drainage problem with that of transportation. "You ask all the city improvement clubs to help with the bus situation. Why don't you do the same thing with the drainage?" Lesher asked.

A third member of the Hillside club, Hugo Le Compte, 967 Hillside, maintained that the contractor should be responsible for installing adequate drainage not the people.

The discussion on the drain project closed when City Administrator Dan Andersen said, "I think Mr. Blum is being put on the spot unfairly. He's not in a position to make statements. The time for all these questions is at the public hearing.

Sums Up Stand

Weibel summed up his stand on the city proposal as follows: 1. How much money do we need to raise? 2. Who do we give this money to?

He urged that Grace Snyder, state recreation specialist, be called in to counsel the committee on ways and means of carrying out the program.

In an effort to expedite the program, Verducci appointed the following committee to work out details: James Mason, recreation director; Frank Blum, city attorney; Kraus, Rose and Nobles.

Committee, which is to meet March 2, was directed to investigate the following and come up with a decisive conclusion:

1. Assessed valuation of the district and the separate unincorporated areas within the district.
2. Who will officially represent each of the areas and have jurisdiction over money allocated.
3. What formula will be used for disbursement of funds.
4. A written legal opinion authorizing the school district to spend money for site development.
5. Number of school children in each area affected.
6. A statement of recreation needs of each area.

Br-r-r-r! was this a California winter?

Colder-than-usual weather has meant higher-than-usual heating costs. If you've been puzzled about this... here is your answer:

No wonder everyone's been talking about the weather this winter. It's been just plain cold around here—matter of fact, one of the coldest winters in recent years. Remember that long string of chilly days in December and January—six shivery weeks, right around the clock.

Naturally, with weather like this, it took more heat to keep most houses warm. P. G. and E. delivered nearly as much natural gas to homes this December and January — in just two months—as in the *three* months of November, December and January a year ago. That's how much difference a prolonged cold spell can make. (Most homes need more electric lighting this time of year, too . . . because of the short, darker days.)

So if you check your bills for this December and January and find your heating costs are higher than last year, it's almost entirely because of colder-than-usual weather...and the fact that most California homes aren't built for it. (For example, those big picture windows we Californians like so much let in almost as much chill as sunlight. And most homes aren't sufficiently insulated, either.) But maybe there's one good thing about a winter like this after all: It's sure going to make spring seem extra nice, isn't it?

This chart tells the story: It's certainly not your imagination that this winter has been colder than last. The bars below show how much above normal the average temperature was last winter, and how much below it's been this year.

TENURE OF THE CITY MANAGER

(Third in series on city manager government)

Tenure of the city manager, as outlined in a proposed ordinance setting up that type government here, is at the pleasure of the city council.

Section 7 of Daly City's ordinance defines the manager's tenure concisely: "The city manager may be removed by majority vote of the city council; however, the motion to remove a city manager must be made at least 90 days prior to any vote thereon."

This section is considerably more brief than the tenure clauses of ordinances in other cities where the manager form of government is in operation.

Important differences in Daly City's ordinances are: 1. the simple majority vote for removal; 2. 90-day notice of removal.

Some ordinances grant the manager a little more security, calling for a 4-1 council vote for removal.

Managers themselves, however, are not overly anxious for this 4-1 protection. Many claim that if the majority of the council is not behind them they can't do an efficient job. A professional group, managers must show evidence of a job well done in order to move up in the field. With a majority of the council opposing them, a manager would have little chance to administrate properly.

Daly City's ordinance lists a 90-day "cooling-off" period. This, according to sources in the League of California Cities, is a clause preferred by most managers.

Many cities stipulate that a manager may be removed 30 days after declaration of intention by the council.

The 90-day period not only protects the manager following an election at which new council members take office, but allows sufficient lapse of time to study differences objectively. In the heat of argument, a councilman or councilmen might seek to fire the manager. After reviewing the problem intelligently these differences might be settled.

A clause in many ordinances demands that a manager must be given a public hearing before being removed. A sampling of managers' opinion on this section indicates it also unpopular. The managers point out that to "take on" a city council in public hearing, with accompanying rancor and bad feeling, could hurt, or ruin a manager's chances for future employment.

Whether the ordinance, as drafted by the Daly City council, will do the job intended can be argued Monday night at a public hearing on the matter.

Citizens are urged to attend and voice their opinions on the city manager form of government, one of the most important steps ever taken in Daly City's municipal life.

LION TALES

By Joseph Belli Jr.

In honor of the Melvin Jones birthday party which is held each year in January five new applicants were approved by the board of directors and will be inducted into the Daly City-Colma club on Wednesday by our Zone Chairman Walter Rector. The new members and their sponsors are: Leroy Krueger, Manager of King's Market, sponsored by Lion Vince Murphy; Joe Long, owner of Daly City Auto Parts, sponsored by Lion Roy Arneson; Ted Hopman, Hopman's Radio and TV, sponsored by Lion Elio Fontana; Salvatore Pusatero, Life insurance, sponsored by Lion Walt Rector; Dave Ludwig, Owner of Dave Ludwigs Colonial, sponsored by Lion Joseph Belli Jr.

At the last board of directors meeting held on Monday evening several topics were discussed and decided upon. Lion Vince Murphy was appointed a director replacing Lion Lynn Downs. Also by a mutual consent of the board it was decided to sponsor a Boy Scout Troop. This troop will be known as Troop 244 of the Lake Merced district and is to meet Monday evenings at the new Colma school. Temporary representative of the Daly City-Colma Lions club will be Lion Roy Arneson. Also at the board meeting three members were dropped from the club for non-attendance and in the future other members will be dealt with in the same way if they fail to attend or even answer letters stating what their intentions are. It was decided to invite the Daly City Rotary club to meet with the Daly City -Colma Lions club on March 9, at the Colonial for a joint meeting and a get acquainted day.

The weekly program this Wednesday was held in conjunction with Boy Scout Week, February 5 to 12. Guest speaker of the day was introduced by program chairman Lion Dr. J. C. Mc Govern who in turn gave a brief resume of the Boy Scouts in San Mateo county and then introduced Maurice Powers, Lake Merced executive who spoke on the purpose of Boy Scout week—to focus public attention on the work that Scouting does in providing a year round youth program of character building activities service to the community and training in citizenship and skills. Scout Week 1955 also marks the completion of the first year of the national conservation good turn the Boy Scouts of America undertook at the request of President Eisenhower.

Safety News

With the code of the road traffic courtesy program now in it's second week, many citizens of Daly City have signed the Code of the Road pledge.

The Daly City Police Commission, in a statement, appealed to all the citizens of Daly City to sign this pledge. Our goal is to sign all the drivers of this city.

"It is vitally important for the drivers to sign the Code of the road pledge and live up to it, said the commissioners. It will make motoring safer for everyone because discourtesy certainly is a major factor in the traffic accident picture.

Statistics don't show any breakdown of discourteous acts in traffic accidents, but the figures do show that violations of the law by one or more drivers are reported in 8 out of 10 fatal traffic accidents. These law violations, often can be the result of discourtesy on the part of drivers.

"When a driver develops the habit of rudeness in traffic, he also forms an attitude of contempt for traffic rules and regulations, said the commission.

"Laws are passed for everyone's protection and have their roots in the principles of courteous behavior. Violation of the law usually involves common discourtesy, and discourtesy very often results in breaking the law.

This is why the police department is solidly behind the current Code of the Road program, and is urging all drivers to sign the courtesy pledge now, which is available at the police department.

Locally, the month long program, which is sparked by the slogan, Make Courtesy Your Code of the Road, is being sponsored by the Daly City Police Department, the National Safety Council and the Inter-Industry Highway Safety Committee.

THE RECORD photo

My Mad World

By Leonore Brewer

The cover of a recent issue of Opera News showed General Director Rudolf Bing showing the Met's auditorium to Marian Anderson, the outflung gesture of his hand signifying that it was all hers. And it certainly was the night of January 7, when she made her debut in the role of Ulrica in Verdi's "Masked Ball."

Ulrica appears only once in the opera, the second scene of the first act. After some delay during which the orchestra had to play the introduction three times, the curtain finally rose to waves of applause that inundated the orchestra, compelling Conductor Dimitri Metropolous to stop the performance until the ovation ceased.

Ultimate Accolade

It was a great night in American opeartic history and for Miss Andedson it was the ultimate accolade in a career spanning almost thirty years, during which she has sung more than 12,000 concerts and has been given world-wide honor. The road to the Met is difficult at best and across Miss Anderson's road has been a barrier not in the way of others. Throughout the long years of her struggle to surmount this barrier Miss Anderson has shown a quiet, modest dignity that has earned her respect among those not particularly interested in music and positive adoration among music lovers.

Her only Bay area recital of the season will be at the San Francisco Opera House tomorrow (Thursday) evening. We couldn't all be at the Met on January 7, so this will be our chance to add our applause. It should be quite an evening.

So much to do, so little time. Friday evening Tossy Spivakovsky, violinist extraordinary, appears at the Veterans Auditorium. Space forbids listing his beautifully balanced program in its entirity, but two selections deserve special mention. He will introduce "Sonata Concertante" by Leon Kirchner, a member of the Mills College faculty, with the composer at the piano. In his second group will be the Waltz and Celebration from Copland's "Billy the Kid." Press of other activities prevented our seeing this ballet during its recent presentation. his will make up for our disappointment.

Eminent Pianist

If an eminent pianist is more to your taste, Walter Gieseking, one of the great masters of the piano, will give his first San Francisco recital in 17 years on Wednesday evening, February 16, at the Opera House. People are fond of saying that the public has a short memory. Gieseking's appearance at Berkeley last year, the first time in 16 years, was greeted with a SRO house. He scored what might be modestly termed a sensational success.

The reception to our recent request for inquiries on the San Francisco Symphony Foundation cannot be termed overwhelming, but nonetheless it was very encouraging. We wish we could ask each of you individually, but since that is impossible please consider this an invitation to call PL. 5-2847, and we'll be happy to give you the details.

Public Invited To Merced District Scout Rally Tonite

The public is invited to attend Lake Merced District's annual Boy Scout rally, being held in the men's gym at San Francisco City college this (Friday) evening, starting at 7:30 p.m.

About 400 Boy Scouts from Daly City and southwestern San Francisco are expected to take part in a series of nine competitive contests, under the general direction of Albert M. Rosenberg, 125 Windsor drive, who is activities committee chairman of the district. Other district officers are serving in various capacities as officials for the rally program. Head starter will be David K. Blair, district commissioner, while vice-chairmen George H. Paldi and Robert E. Hunter will be head judge and head scorer, respectively.

Judges are having a "skull practice" session at the City college site Thursday night in order to get everything in readiness for the big event.

Contests in which each of about 14 troops will enter a team include such activities as Paul Revere race, compass relay, ice rescue event, chariot race, firemaking by flint and steel, signalling by Morse code, skin the snake, first aid relay and a dressing relay. The district's participation trophy will be presented to the troop having the best percentage of attendance of scouts and visitors.

The Scout Rally will climax the observance locally of Boy Scout Week. In addition, troops and packs have held open house for parents, are conducting blue and gold banquets, and have decorated store windows in the area. Among Scout-decorated windows, with the number of the unit having made the display, are; Troop 143, Dulfers of West Portal; Troop 88, West Portal Sports Shop; Troop 123, El Rey Music Shop, 1608 Ocean avenue; Pack 104, Ocean Avenue Delicatessen, 1934 Ocean avenue; Troop and Pack 340, Stonestown Emporium; Troop 345, Butler Brothers in Stonestown; Pack 242, Merced Height Market, 10 Chester avenue; Pack 64, Public Library, 117 Broad street; Troop 50, Cardinal Electric, 199 Broad street; Troop 243, McGraw's Drug store, Mission street; Pack 62, Donahue's Plymouth-DeSoto Dealer, 6267 Mission; Troop 63, Daly City Drug Co., 6331 Mission; Pack 241, Seymour's Paint Store, Westlake; Pack 143, West Portal Drugs.

"BEAU BRUMMEL" ROBS SHOE STORE

A 6' 2" "Beau Brummell" of footwear and his 5' 10" companion used a luger-type weapon and adhesive tape in the Monday robbery of Weitzel's Shoe store at 2386 Junipero Serra boulevard in Broadmoor.

While the nattily clad thief emptied a drawer of between $130-$150 in bills, one of the victims noticed he was wearing zippered blue suede shoes.

Rubel Weitzel was replacing stock in a rear room at 5:40 p.m. when two men entered his store. The tall leader said, "Where is the money?" "Stand where you are." Weitzel was then forced to lie on the floor as his eyes and hands were taped.

"Beau" was in the front of the shop when Mrs. Mabel Weitzel returned from a drug store next door. She asked, "What are you doing here?" "Beau" replied, "Your husband knows all about this." Next she was taped and placed with her husband.

The victims described the robbers as both being very calm and polite. The suede shoes suspect was wearing a dark blue coat, had brown hair and is approximately 27 years of age. His partner appeared to be approximately 35 years of age and had grey eyes.

MANY MOTORISTS MISUNDERSTAND LAW ON SCHOOL BUSES

SACRAMENTO — Flashing red lights on a school bus mean "Stop."

This warning was reiterated today by the California Highway Patrol as they reviewed the record of citations issued during 1954.

"Although speed and driving too fast again led in the number of violations cited, there was an increasing number of drivers who seemed to misunderstand the school bus law," Patrol Commissioner B. R. Caldwell declared. "The law requires motorists to stop when approaching a stopped school bus with red lights flashing and, to wait until the red lights stop flashing before proceeding.

"During 1954 the Patrol cited almost 1700 motorists for failing to heed the flashing red lights on stopped school buses," the Commissioner continued. "With slightly different circumstances each of these violations could have taken the life of one or more school children.

"The law is plain and requires all drivers approaching from either direction to stop when meeting a school bus with red lights flashing. The only exception is when the bus is on the opposite portion of a divided highway. Obey this regulation and help us protect our school children," he concluded.

BIKE RIDER INJURED IN SUNDAY ACCIDENT

A boy on a bike darted out from behind parked cars Sunday and was hit by an automobile driven by Clifford Snider, 27, of 748 Southgate drive, Westlake.

James Shields, 7, of 32 Edgewood avenue, Colma, was treated for minor cuts and bruises at Junipero Serra hospital. No citation was issued.

MOTHERS' MARCH IN BROADMOOR HITS $836.61 TOTAL

A grand total of $836.61 was the result of the Mothers' March in the Broadmoor-Garden Village area last week. Under chairmanship of Mrs. John Taylor of the James L. Snell PTA, some 70 mothers called on homes with porch lights turned on.

This year's March of Mothers amount was supplemented by cards mailed to homeowners from Peninsula headquarters, and those sent home with the school children.

Mrs. Taylor expressed her thanks to all the participating mothers, and also to the Broadmoor police department for their help in patrolling and in transporting funds.

Driving Too Slow In Left Lane Is Also Held Hazard

Drivers who persist in driving in the left hand lane of a multilane highway at a speed slower than the normal flow of traffic are definite traffic hazards says the California Highway Patrol.

"The law covering the above is very clear and violators will be cited," declared Patrol Captain John W. Kennedy Commanding Officer at the Redwood City area. "The only exceptions are when you are about to make a left turn, when overtaking and passing another vehicle or when directed to do so by signs or authorized traffic personnel.

Cars and trucks moving slower than normal traffic flow tend to hold back other vehicles and create accident causing traffic jams," continued Captain Kennedy. "Last year, throughout the state, the Highway Patrol issued more than 4,300 citations to drivers who failed to keep right when traveling slower than normal safe speed.

"Every driver in this area is urged to cooperate in our efforts to eliminate this type of violation," Captain Kennedy concluded. "This can be done if each driver will make it a habit to drive right and keep right whenever possible.

Village Notes

By Gwin Mitchell

Maybe you've heard the ads on radio for "Luncheon is Served"—an organization which specializes in giving luncheons as fund-raising projects for women's groups; anyway, Helen Baumgartner, Dolly LePine, Bunny Gillespie, Fran Dethlefsen and Jean Suenderman attended one such lunch, and came back with a good report about same. Might be a good idea for some group here to try.

Dinner at 8 or any time is fun when there are friends to share it, and the Paul Elliotts on Gilman had a fine evening when the Victor Blomquists came up from Millbrae for a Friday dinner date.

Pink seems to be Sir Stork's favorite color lately, for he brought a whole bouquet of cute baby girls around to our area. Elizabeth Sue is now living at the Ray Randall home on Gilman; airplane model enthusiasts, they call her their finest scale model to date! Sister Gale is happy, too. . . And then there's Carol Lynn, first girl for the T. E. Christopherson family on Sweetwood. Brothers Bobby and Ronnie think she's wonderful, all 9 lbs. of her. . . Down on Wildwood, the six members of the Howard Anderson family have welcomed Susan Kathleen as No. 7, and sister Karen is glad of company on the distaff side, while brothers Richard, David and Johnny are just plain glad.

Some of our parents had birthday greetings due them lately—Melanie Fernekes, John Mitchell and Lois Swanson. Lois had a double birthday celebration with Phil Ready, who was Bill Swanson's best man the Readys and the Swansons, along with the John Kennedys, went out for dinner and the evening.

There are a lot of comings and goings in the Villages lately . . . people moving in and people moving out. We'd like to welcome the Richard Ostranders to Nimitz drive, while we hate saying goodby to the Roscoe Franklins and the Tom Bennetts, who are leaving the same street for San Carlos and Seattle, respectively. We would also like to take this opportunity to welcome all the new families in Broadmoor and Garden Village, and to hope that you will be very happy here.

The Edward Widdifields are leaving too, trading Broadmoor's Sweetwood drive for a residence in Teheran, Iran, where Ed will be for a tour of duty in government service. Daughter Mary Ann had two surprise going-away parties: an evening one at the Broadmoor Presbyterian church, given by the young people's group to which she belonged, and one at Nancy Golladay's house, with Beth Brownlee, Jane Tiaffay, Edith Mullen, Gail Farris, Joan Baird, Lucia Shehadi and Sandra Briggs there to wish her bon voyage.

Another one of us has gone away, too, and we would like to express our deepest sympathy to Ugo Fratto and his family and to all those who will miss Mary as a friend and neighbor.

Of all the many conversations we have had lately, one stood out as something to be thought about quite often. It was one held with Mrs. Miller, mother of Lisa Moore on Midway. Mrs. Miller only recently became a naturalized citizen of this country, coming here from Vienna, Austria, six years ago after waiting 30 years for the opportunity to come. Her two daughters came first, on students' 1 year visas; the younger girl was caught here by the war, and began work to get the education which resulted in her now being a doctor at UC. Mrs. Miller stressed most the feeling of freedom she finds here, freedom in even such small things as our talk and the fact that it can be written about. She said that it cannot really be fully appreciated until its loss has been experienced, as she and many others have had to do, and that the mere fact of its existence here excludes many problems which trouble people in countries where it is not. Something for us all to think about and be grateful for.

Marie Kleppe, a neighbor of Mrs. Miller's on Midway, received her naturalization papers at the same time, coming here from Peru. Her mother-in-law, Mrs. Cecilia Lamberg, is currently visiting here from Bergen, Norway, but not as a native Norwegian. Seems that Mrs. Lamberg was born and brought up in Brooklyn, New York! Her husband is Norwegian, and owns fish canneries in Bergen. From his letters, Norway is having snow troubles, too; Mrs. Lamberg is quite glad to be here in non-snowy California, she says! The main reason for her visit is granddaughter Sandra Lee, who arrived January 23 as 7 lbs. 10 oz. of baby sister for Lynn Kleppe.

Birthdays came thick and fast lately for some of the Younger Set. Glad to be six years old was Lyn Gallentine of Thornhill, who invited Kathy Hoffman, Ann Liska, Diane Goucher, Julie Ames, Gerry Heick, Barbara McGregor and Janet Warner to help her celebrate. . . . Michael McCarthy had an eighth birthday, with Gordon and Gregory Feist, Martin Rist, Davy Merchant, Bobby Murphy and brother Gregory party-ing at the McCarthy home on Sweetwood. . . . Buddy Hess was really surprised at the surprise party given to mark his eleventh year: Johnny Guz, Terry Christman, Michael Cheda, David Peebles, Kenny Magoon, Jerry Manis, Bruce Spry, Douglas Whaley, Gene Luttringer, Johnny Hess, Ronnie Krawetz and Matt and Jerry Dorn were all in on it. . . . Not to be outdone, John LePine asked Steven McIntosh, Doug Alexander, David Nelson, John Restivo, Dale Atwood, Edward Raymond and Jerry Krawetz to help him celebrate Year Eight at his home on Washington. . . . And the second eighth birthday on Washington belonged to Susan Subke, who took Christine Mitchell, Candace Dalzelle, Anita Duste, Peggy Danforth, Barbara Arent and Sharon Horberg along with her to the Fun House for a gay afternoon.

The Subke house had plenty of birthday spirit for everyone, for not too long after Susan's party mother Barbara gave a surprise birthday party for Alice Mitchell, a late buffet to which the Frank Dalzelles, Ray Dustes and Charles Danforths were invited, to say nothing of host Walter Subke and the guest of honor's escort, Ferguson Mitchell.

Glad to hear that some of the bike riders on Gilman drive are really taking their bicycle school instructions to heart. That's what counts.

Ann Janes and Gary Rowe left San Francisco State college and midyear exams behind them for a week at home in Mariposa. Plans included ice skating at Yosemite . . . and there's always snow for a change from the weather up on Garden Lane! Hope it all worked out for a happy vacation.

A pair of tonsils gave Paula Hirshberg a bad time for a while, but she left them at the hospital and came home to 87th street victorious! She'll be out and about by the time she sees this, that's for certain!

Speaking of which, the sick list has been rather large. We would like to let Lillian Williams, Therese Mischak, Gail Foster and Alice Travinsky know that everyone is thinking of them and hoping they feel better soon. . . . And to Madeline Feist and the Jenkins children and others who have not gotten by without a touch of flu, hope you are all feeling fine again now.

The Roy Clemens from Stoneyford and the Dan Juhls from Village Lane had a fine weekend in Reno. Skiing was the order of the day, complete with slaloms and things.

Now we know . . . the red Ford Station Wagon we have seen going by belongs to the Chuck Hazens of Village Lane. Red cars are quite popular around and about!

Roberta Taylor hostessed a Stanley party on Nimitz recently. Those invited had to invent, make and wear a crazy hat. Stella Magoon walked off with the prize; her hat was made up of brushes, chamois, etc.—Stanley products! Coming in second was Billie Buchanan, who carried out her interest in television with a TV set hat. Others in on the fun were Meredith Orloff, Hazel Eagleton, Roslyn Navarro, Rose Fisher, Vi Murphy, Lisa Moore, Phyllis Kullberg and Esther Klevesahl. Stanley representative was Frances Pricola, who used to be one of the checkers up at King's Market.

Note of information for new people in the area: The Bookmobile stops, at 87th and Washington streets every Thursday from 4 to 8 p.m. You can register and take books out right away, without waiting until your library card comes through.

The day of St. Valentine is here again. . . . A smile, a note to a friend, a service for someone who needs it, flowers for someone sick—all these are happy Valentines. . . and herewith one to all of you.

SCHOOL NOTEBOOK

87th Street school - There was a birthday in Mrs. Lockwood's second grade this past week . . . greetings to Sal Frater. Mrs. Carle's and Mrs. Fernekes' classes are making papier mache animals in connection with their lessons about pets . . . Japan will be the next stopping place for Evelyn Scott, who will be missed from Mrs. Fernekes' 1st grade.

Benjamin Franklin's second grade is building a post office in connection with their study of the mailman . . . it comes at a very appropriate time of year, when Valentines make the mail important to everyone.

Garden Village - Mrs. Fisher's Fifth grade have had their tour of the SS President Cleveland, with lots of mothers along as escorts; everyone had a fine day of it . . . Mrs. Nelson's second grade are post office-minded, too . . . Folk dances are keeping Mrs. Travis' 1st grade happy; a good project for cold days!

All our schools are having pre-Valentine Day excitement, with decorations and Valentine boxes and lists of names, and all the other fun which goes with this time of year.

Over at Garden Village school, the mothers and teachers of the children who are in the founders day program for the PTA, to say nothing of the students themselves, have really been working hard for the past couple of weeks to make sure that everything is done to perfection. Mrs. Schneider and Mrs. Cormack are in charge of the Glee club and "players," respectively . . . . .

"Treasure Island" has located temporarily in Miss Wills' third grade room! The book is being read, drawings made and the recording listed to, and miniature pirate ships and treasure chests are all over the place! Sounds like a lot of fun . . . . .

The third grade classes of Miss Campbell and Mrs. Brown are studying about Eskimos, a good subject for wintry weather! Traditional Eskimo houses and customs are being studied, and both classes are very interested. Miss Campbell's class is also learning a folk dance—"Wooden Shoes."

Wrong Address Snafu's Daly City Departments

What should have been a routine bad check involved the mayor, the city clerk, the recreation department, a San Francisco store and Daly City police last Thursday.

It all started with a wrong address. The recreation department had employee's Bobbie Carroll's address listed as 56 Morse. The check, signed by Mayor Verducci and B. C. Ross, city clerk, was sent to that address.

When Miss Carrol didn't receive her check, she contacted the city clerk. It was discovered that her address was 53 Morse, not 56.

The check, endorsed by a Bobbie Carroll and re-endorsed by a Donald Carroll, was cashed at a San Francisco market on Geneva avenue. Upon investigation it was revealed that both endorsements appear to be identical. Further examination showed that the address given to the market clerk was fictious.

The resident at 56 Morse, where the check was to have been delivered, claims that she returned the envelope to the post marked "Could be Moss street."

Police are now investigating.

Training School For Volunteer Workers Open

A unique school for giving volunteer workers a grounding in the fundamentals of welfare work will be sponsored by the San Mateo and San Francisco Councils of the Society of St. Vincent de Paul.

Two separate schools will actually be conducted. One beginning today (Thursday) will hold classes at the Knights of Columbus Club house, 217 Baldwin avenue, San Mateo. The other beginning February 7, will be held at St. Vincent de Paul Headquarters in San Francisco.

The Society of St. Vincent de Paul, a welfare organization, with over 800 volunteer field workers in the Bay Area, has been experimenting for some time with training its volunteer workers.

Elmer Hughes, chairman of the San Mateo school, stated in announcing the new course that ". . . . directors of the society have long recognized that modern welfare methods and techniques demanded more of the volunteer worker than a simple willingness to give of his time and effort, and that training in modern welfare methods was necessary. Accordingly, the first Welfare in Action course was set up in San Francisco on an experimental basis, and was considered successful enough to warrant continuation and expansion of the training program."

Father Harold O'Day, director of Catholic Social Service for San Mateo and Santa Clara counties, one of the instructors in the new school in commenting on the course said "this type of training is invaluable to the volunteer worker. The knowledge and information he receives during the course will go a long way toward making him a competent and successful welfare worker for the community and the Society of St. Vincent de Paul."

Lectures during the 4 month course will cover such subjects as modern welfare methods, federal state and local laws governing welfare, as well as a study of community welfare facilities, public and private. Other lectures will cover the history, aims and methods of the St. Vincent de Paul Society as well as an analysis of the Christian concept of charity.

The Society of St. Vincent de Paul, an international charitable organization, was founded in Paris over 100 years ago by a group of students headed by Frederick Ozanam, then a student at the Sorbonne. The society while Catholic in origin extends its assistance to the poor and needy regardless of race, color or creed.

Steel Money Proves Weighty For Thieves

Burglars missed the greater part of the loot Sunday night after breaking into Ed's Chuck Wagon, West Portal, and opening the safe.

Monday morning owner Harold M. Thompson, 2 Windsor drive, found the safe open, $800 cash a heavy steel box containing another $2900 missing.

Thompson said the locked money box, made of quarter-inch steel, weighed about 100 pounds. San Francisco police found the box, still locked, cached in underbrush a bare 200 feet from the back door of the cafe.

They waited all day Monday and into the night. Tuesday they decided that the thieves weren't coming back after the box—it must have been too heavy. Which further proves light-fingered "lifter" shouldn't steal heavy steel.

Mrs. Betty Wilson, 30, of 685 Hillside boulevard, was one of five people celebrating a reunion at the Oakland Oak Knoll hospital recently.

LOW-VOICED GUNMAN GETS $65 IN HOLDUP

Speaking in a low, calm voice a tanned gunman pressed a .45 automatic in the ribs of Mrs. Gladys R. Hall, 137 Shakespeare, Sunday in a $65 hold-up at 6264 Mission.

"Don't make any noise, just open the cash register," the 5' 6" thief said. He was described as a hazel-eyed man in his early 30s, wearing thick lensed glasses.

His companion, clad in a pullover sweater and dark hat, stood watch in the doorway. After taking the money, the man with the gun walked backward to the door, placed the gun in his pocket and said, "all right, you can walk to the back of the store and use the telephone." He thanked her for being so nice and headed in the direction of Bepler street.

William R. Freeman, 369 Knowles, reported that two men ran west on Bepler into a parking lot and disappeared in the shadows of the post office. Mrs. Hall told officers that she had been stocking candy shelves when the gunman entered. He asked for cigars but when she offered them to him, he pulled a gun. The robbery took place at 8:10 p.m.

MISS VIRGINIA ROSS, county librarian, stands in front of the Bookmobile as it serves Broadmoor residents. The bookmobile started operation in March 1953. Average monthly circulation hits the 4500 mark. THE RECORD photo

"ROBINS IN THE GARDEN" is the choice of one of these young ladies from among the 2,000 volumnes available in the Bookmobile. The girls are two of the Westlake residents that take advantage of the weekly stop of the traveling library. The card-holders pictured above are, left, Claudia Smith, daughter of Mrs. Betty Smith, 419 S. Mayfair avenue. Checking out "Robins" right, is Barbara Roberts, daughter of Mrs. Jan Roberts, 431 S. Mayfair avenue. They are being served by Edward H. Lee, bookmobile librarian. THE RECORD photo

Bookmobile Serves Reading Needs Of DC Area Citizens

(Editor's note: The Bookmobile unit may be discontinued here in the near future as the city council is considering establishment of a Westlake branch library. For further developments see the page one library story.)

Whether your reading taste runs from Austen to Yerby, science-fiction to state history, the Bookmobile serving Broadmoor and Westlake residents can supply it from among its 2000 volumns.

If the travelling library doesn't have the book of your choice on hand, a librarian will order it for you from the state library. The bookmobile, purchased in 1953, has 6000 volumes assigned to it, 4500 of which are circulated monthly.

Westlake residents can take advantage of the books-on-wheels each Monday from 3:30 to 8 p.m. at the Westlake shopping center. Broadmoor citizens can pick up their favorite authors on Thursdays from 4 to 8 p.m. at 87th and Washington streets.

The bookmobile also serves the children at the Garden Village school on alternate Mondays.

In giving the statistics on circulation, Miss Virginia Ross, county librarian, stated that adult Westlakers prefer non-fiction to fictional writings. This seems to indicate that people in the newest section of Daly City prefer autobiographies and the do-it-yourself type of literature to the products of someone's imagination.

Westlake citizens read six to seven hundred books per month, while Broadmoor patrons of the bookmobile are checking out an average of 1100 volumes every 30 days.

This unusual library serves cardholders as far down the coast as San Gregorio, bringing the total monthly circulation to 4500.

If you would rather read the latest magazines in a variety of subjects they are also available at the bookmobile. Another advantage of this library, besides being more flexible, is that it costs less to operate than a small branch library. The books-on-wheels system is not only an additional service to the community, but also saves the taxpayers' dollars. Ed Lee, San Mateo, and Philip Morales, formerly of Daly City, are the librarian drivers that staff the bookmobile. Incidentally, the children's books are placed on the lower level so the small fry can reach for "Babar, the Elephant" without having him fall on their heads.

Cosmopolitan Opera Presents "Tosca," "Faust," "LaBoheme"

The Cosmopolitan Opera company presents "Tosca" and "Faust" this month in San Francisco.

Bringing new prestige to Cosmopolitan will be the appearance of Metropolitan star Herva Nelli as "Tosca" on February 18. Born in Florence, Nelli first gained international fame when Arturo Toscanini chose her to sing Desdemona in his long-awaited broadcast of Verdi's "Othello." Their brilliant collaboration became a highlight of the nation's musical fare and was perpetuated with recordings of "Othello" "Aida" and Verdi's "Requiem." Following her successful seasons at Milan's La Scala Nelli returned to the Metropolitan where she recently sang "Aida" and will take leave of absence during the Metropolitan's mid-season to sing in San Francisco.

The brilliant Italian baritone Cesare Bardelli will also be welcomed back by local opera goers. This gifted actor-singer will be heard in his most celebrated role —Scarpia. Conforming with Cosmopolitan's policy of giving opear appearances to unknown young singers, handsome Dean Smith (who scored a personal success last season) returns to sing the role of Cavaradossi opposite Nelli.

"Faust" on Febraury 22 will star Likova as Marguerite and the Metropolitan star Giulio Gari as Faust. An operatic personality of grand dimensions. Rumanian-born Gari (now an American citizen) has been hailed by the New York critics as possessing one of the most beautiful tenor voices before the public today. Third of the principals will be William Wilderman who holds a foremost place among American singers. From New York to San Francisco the noted six-foot-three basso has been headlined for his performance of Mephistopheles. Bardelli will sing Valentine and June Wilkins, one of the Bay Area's outstanding artists, will be heard as Martha.

The nations most discerning critics and audiences have hailed the glamorous Italian soprano Lucia Evangelista for her performances of Mimi and Vialetta. "La Boheme" on Febraury 25 will star Evangelista as Mimi and bring back another Cosmopolitan opear favorite —Davis Cunningham. Now appearing on Broadway in one of the starring roles of Menotti's "Saint of Bleeker Street," Cunningham will return here to sing Rodolfo. Lovely Dolores Davis, young Californian soprano, will make her debut as Musetta. Others in the stellar cast will be Torgi, Wilderman, Colin Harvey and Ronald Dutro.

Fastidious Burglar Nets $845 In Westlake Thefts

A triple threat neat burglar netted $845 in loot at 54 N. Mayfair last week. His victims share a house at that address. All were at work when the robbery occurred.

ASK PARTICIPATION IN BALLOON EVENT FOR FREEDOM WEEK

Saturday is "B-Day" in Daly City and across America. "B" is for Balloon, demonstrating in action the huge, helium-filled couriers by which the Crusade for Freedom sends its messages of hope and truth over the Iron Curtain to the captive people beyond.

But the balloons which Daly City launches will carry a different message; the dramatic story of the Crusade and its need for everyone's support.

"Be on hand when Mayor J. J. Verducci and the Fraternal Order of Eagles launch the Eagles Flight for Freedom, the dramatic opening of Freedom Week. Hundreds of your friends and neighbors are participating in this colorful event taking place at Marchbank park. Why don't you join it . . . be sure that yours and every freedom loving family signs the Freedom Scroll as the Eagles' balloons said skyward," local Eagles said.

Smoking Habits Survey Begins Locally Monday

The census bureau begins a local survey of American smoking habits on Monday. The national survey began this month as part of the current population survey, according to S. F. supervisor Walter A. Freeman Jr.

The questions won't be—what cigarette do you smoke, for how long? Instead they will cover the number of cigars, cigarettes or pipefuls of tobacco smoked daily, the maximum smoked regulary, the number of years of "tobacco habit" and other related questions.

Approximately 25,000 people, eighteen and over, will be covered in the survey. The answers they provide will give the basic facts as to the number of smokers and non-smokers by age, sex, color and other characteristics for each of the major regions of the United States.

These questions are being asked at the request of the U. S. Public Health service. The information collected will be used in connection with the government's research program on the possible relationship between smoking and various taypes of diseases.

The smoking census is in addition to that on employment and unemployment asked in the current population survey.

Attendance Record Is Broken Sunday At Baptist Church

A four-year attendance record was broken last Sunday in the Westlake Community Baptist Sunday school, now conducting its teaching services at 9:45 a.m. in the Westlake Medical-Dental building.

The morning worship service was conducted at 11 a.m. in the chapel, second floor of the same building, and a special service in dedication and honor of the Boy Scouts of America, led by Al Belotz, scoutmaster of Westlake, brought the 11 a.m. morning worship attendance to what also looks like an all time record, Pastor Roy Milam said.

The over-all plan of the church Christian educational plant has made provisions in the second and third units to take care of well over 1000 in the Sunday school. The first unit, which is the chapel unit, seating 250, plus provision for 200 in the Sunday school in the lower auditorium, will be started soon. With the exception of a few minor details everything is in readiness to start construction, Milam said.

MOON SPARKS BOBCATS TO 39-29 WIN OVER WILDCATS; SHARE LEAGUE LEAD; DEMONS DUMP HAWKS FOR 1ST VICTORY

Wayne Moon maintained his scoring leadership in the Broadmoor Youth Association Basketball league and moved his Bobcat team into a tie for first place as he bombed the basket for 19 points on eight field goals and three charity tosses Thursday at Jefferson High.

The Bobcats upended previously undefeated Wildcats, 30-29. The "Bob" and the Wildcats each hold 3-1 won-loss records.

Bobcats held a 19-16 half-time edge but their lead was never really substantial as the Wildcats Webb Parker gave Moon a run for his money in the scoring department, getting 18 for the evening. Parker's total left him in second place in league scoring with 48, trailing only Moon, who has 61.

A hard-luck Demon club tasted victory for the first time Thursday at the expense of the Hawks, by a 35-28 score. Bill Dougherty hit 14 for the winners and stayed in third position for league scoring. Demons played with a vengeance in the first half, piling up a 22-7 margin. George Muller kept the Hawks mathematically in the game with nine points.

Hawks and Demons are now dead-locked with 1-3 marks.

Tomorrow (Thursday) night the two league leaders will face the two cellar dwellers, as Wildcats test the Demons and Bobcats go after the Hawks.

DALY CITY'S ALLAIN LEADS BIG EIGHT CONFERENCE SCORING

With six wins and two losses on its basketball record, College of San Mateo is in third place in the Big Eight Conference, one game behind the leaders. This Friday night San Mateo will play at West Contra Costa, and will host Stockton February 16 and Sacramento February 18.

Jack Allain of Daly City, San Mateo's lone center, leads the conference in scoring and has a 23 point average per game. Lou Pucci of South San Francisco has been flashing at his forward spot and recently helped beat Santa Rosa when he dropped in ten quick points to put San Mateo ahead for keeps. Developing rapidly and playing lots of ball is Dale Jones, guard from Lomita Park.

The stars of yesteryear had too much all-around ability for the Jefferson High school varsity basketball club Tuesday night in the annual alumni game at the home pavilion.

Final score favored the grads, 60-55, but it really wasn't that close. The alumni used 11 players in the contest, substituting at random, and still maintained the lead throughout, holding a 32-25 half-time edge.

Wayne Lovelace and Tom Costello, chief cogs in last year's top-notch varsity outfit, sparked the alumni with 15 and 17 points, respectively.

Al Lagomarsino kept the Jefferson five in the game with 13 tallies, followed by Yates with 12.

Alumni used height to their advantage, controlling both back boards most of the time. The Jeffs missed their opportunity from the free throw line, hitting 12, missing 17. The Alums got 8 for 13 charity tosses.

Coach Mike Orlich's Indians were optimistic late in the third quarter when three of the grads faced ouster from the game, each having four fouls apiece. Surprisingly, the three ex-high schoolers went the rest of the route without a single rule infraction.

Situation was reversed in the 30s game, as the alumni played their first team most of the way but proved no match for the preps, losing 60-33.

Lightweight tutor Tony Giammona used 10 players in the rout. Outcome was so obvious that he sent the first team to the showers in the third quarter.

Steve Canty, Jefferson sub forward who has seldom seen action this season, proved his merit with an 11-point output, high for the evening. In his first real shooting opportunity, Canty had an 83 per cent floor average.

Babe Anguillo was runner-up, notching eight. Every Indian player hit the scoring column. A. Moquin led the grads with nine points, followed by Leo Villar, who got eight.

"UNCROWNED wrestling champion of the world," Leo Nomellini, will make his first professional appearance in Daly City Monday night at the community center when he teams with Ramon Torres for a tag match against Gene Dubuque and Robert "Pancho" Pico. Matches are being presented by Holy Angels church.

NOMELLINI-TORRES TEAM ON MAT CARD

Face Dubuque, Pico In Tag Match Event

Leo Nomellini, "uncrowned wrestling champ of the world," will join forces with Ramon Torres in a tag team match against Gene Dubuque and Robert "Pancho" Pico in the main event at the Daly City community center Monday night at 8 p.m.

Dubuque and Pico are a pair of seasoned "grunt and groaners" and are expected to provide the Nomellini-Torres duo with more than just dramatic assistance.

In the semi-final English nobleman Lord Blears meets Carl Cooper, great American-style matman who also incorporates a good deal of judo in his repertoire.

The opening bout will find Jod Pazandak locking meat hooks with Ramon Cernados, South American resslin' veteran.

Pazandak was undefeated on the "Beat the Champ" television program for many months and champion at the time the program contract expired.

Ticket office at the community center will be open this Sunday from 1 to 3 p.m.

Promoters, the Holy Angels church in Colma, say a large crowd of more than 1000 is anticipated and tickets should be purchased early.

All proceeds of the bouts will go to the church.

Trotters Upset Colma Rebels In Rec Cage League

While last week's attendance record was being broken, the inspired Westlake Globetrotter's defeated the league leading Colma Rebels, 31-29.

Following a fast pace set by Ron Kalinin of Colma, who scored twice within three minutes on 20 footers and followed through on a beautiful hook shot, The Rebels were out in front at the quarter mark, 9-4. Coming out for the second quarter, Don Burley hit two field goals and Kalinin whipped in another hook to give Colma a 15-4 lead. At this point the 'Trotters caught fire.

Pete Garcia hit on a free throw, Bill Kett scored nicely on a jump shot, Ernie Howren on a pass from Ross Holmgren hit from 25 feet, Steve Opperman drove hard for a lay-up, and Garcia followed through on a rebound for another field goal before halftime. During this rally the Rebels were held scoreless to make the halftime score 15-14.

Fans Cheer On

With parents, visiting coaches and teams, and friends of the opposing teams boisterously cheering them on the two clubs came out for the second half and Al Mayer opened scoring with a nice lay-up, only to have Garcia come back with a tip-in and free throw to knot the score at 17 all. Ron Kalinin, who was high point man for the afternoon with 14, then potted a 30 foot set shot to put Colma in the lead again. Garcia however, continued working beautifully off the backboards, with the aid of Howren and Kett, hitting two more hook shots to put the Trotters ahead at the third quarter mark, 21-19.

Fever Pitch

The game progressed from here at a fever pitch pace with both clubs matching bucket for bucket. Big factor for the 'Trotters was Howren's two set shots with a minute and 37 seconds remaining, putting his team in the lead to stay, 31-29. Along with Kalinin's scoring for the Rebels, Don Burley got six, Larry Schoenfeldt four, and Howie MCKee two. For Westlake it was Garcia with 11, Howren with nine, and Bill Kett with seven.

In the only other "A" game of the day, OLPH defeated Brisbane in a very well played game, 33-27. Joe Millett lead his players with 14 points and was helped by Tim Curtin, seven, and Ron Barsotti, six. Trailing by ten points going into the last quarter, the Brisbane five began to make use of their big center John Galton. John collected four field goals in succession before the Ph'ers could stop him by throwing two men into the breach.

With the game in jeopardy, Curtin dropped a 20 footer through the hoop and quickly followed with a lay-in with 20 seconds remaining to ice OLPH's first victory in league play. Galton collected 19 points to balloon his league leading total points to 81.

Royals Get First

Another interesting game took place between the two Broadmoor teams with the Royals also breaking into the win column for the first time in league play with a rousing 34-18 victory over their cousin Cardinals. The score was tied at four apiece at the first quarter and was 12-7 at halftime in favor of the Royals. It was at this point that the Royals went into the lead to stay. Bill Dougherty hit three field goals and a free throw while Bob Goodwin was collecting three field goals and Dixie Howell one for a total of 15 points for the quarter, while holding the Cards to two field goals by Jim Heick. Both clubs matched buckets in the last quarter and the Royals took their first league victory. Dougherty had 11, Howell and Goodwin eight, and Berry, seven for the cards it was Heick with 11 taking scoring honors.

OLPH Retains Lead

In the other two "B" league games, OLPH defeated Sharp Park, 21-13, to retain their league lead. Once again Bill Whalen took honors with 10 points while Bill Kennedy had six, for Sharp Park it was Ron Miller with six, while Martinez had three and Lasker, two.

Holy Angels continued to threaten for the league title by handling a very good Brisbane five, 17-13. High honors went to league leading scorer Bobby with, six. This brings his total for the year to 78 points. For H.A. the points were evenly distributed, signifying the team type play at which H.A. excels.

TAKE SIGN-UPS FOR PLAYERS IN CYO HARDBALL PLAY

Sign-ups to play in the Catholic Youth Organization hardball league will be held at 1 p.m. February 19 at Our Lady of Perpetual Help church auditorium in Daly City, it was announced today.

According to Lowell Creighton Sr. and Walter Gillies, who will manage the OLPH teams, any Catholic boy attending the local church is eligible to compete on one of the three teams.

Teams will be divided into three age groups: Two juniors, 9 and 10 year olds and 11 and 12 year olds; and one intermediate, 13 and 14 year olds.

The Catholic league is scheduled to start in April, with 20 teams competing in the intermediate division, 36 in the junior.

This year's juniors team from OLPH will be bolstered with such returning veterans as Barry Krohn, George Claus, Billy Whalen, and Dick Reese. Creighton will manage the junior teams, while Gillies will tutor the intermediates.

Our Lady of Perpetual Help teams will play in the western division of the Catholic league.

DC GETS GOLDEN GLOVES

Elimination Bouts Mark First Time Competition Out Of SF

Golden Gloves boxing competition will leave the confines of San Francisco for the first time in its 24-year-od history when the annual fistic extravaganza for amateur hopefuls is held in Daly City's community center March 17.

Bob Lynch, promotion director for Our Lady of Perpetual Help Men's club, sponsors of the monthly ring program at the center, said metropolitan newspaper sponsoring the annual boxing competition has chosen Daly City as site for the initial elimination bouts.

Promoters of the Golden Gloves decided to cross the boundary line into Daly City for the first time since the bouts began in 1931 because of the standing-room-only response Daly City patrons have shown the monthly boxing programs here.

There will be 17 elimination contests in all weight divisions on the March 17 card. All Golden Glove entrants, whether they fight that night or not, will have to be weighed in and take their physical at the Daly City pavilion.

OLPH Men's club will benefit from all gate receipts. Price of admission has not yet been set but Lynch hinted the tariff might be boosted slightly over the present $1.

Al Sandell, director of the tourney since its instigation in '31 and chairman of the U.S. Olympic boxing commission, will again boss the show.

Second round of elimination bouts will be held at Winterland March 24, followed by the finals a week later, March 31, at the same spot.

Indian Cagers Bid For League Spots In Week's 'Toughies'

Clobbering a pair of winless Half Moon Bay teams as expected here Friday night, Jefferson High school's basketball aggregations today await their two most important contests in Peninsula Athletic League competition.

Tonight (Friday) the Indian clubs face Capuchino at the Jeff gym, beginning at 7:30 p.m. The Mustangs lead the varsity division with only one defeat. A Jeff victory would leave the Daly City club with a mathematical chance at the title. First time around the Mustangs handed Jeff a 64-43 licking.

In the lightweight circuit, the Jeffs hold a tie for second. A win over Cap tonight would set the stage for a shot at a first-place tie. Tuesday the Jeff 30s meet league-leading Burlingame there in an afternoon game. Burlingame has only one defeat to mar their record, while the Indians have two and a Jeff win Tuesday would deadlock the division.

In Friday's contest the varsity registered their highest point total of the season in squashing the Coastsiders, 71-46.

The Jeffs, behind Al Figone's 12-point barrage, led 56-26 at one point in the third quarter. Figone wound up with 19 tallies for the evening, leading the pack.

Coach Mike Orlich substituted liberally in the last two stanzas. Every Indian player sunk at least one field goal, as scoring was well distributed.

The Daly City lightweights had it just about as easy, spurting to a 20-12 half-time lead and going on to win, 46-30. Rich Gonzales, mainstay of the Jeff club, potted 17 points to top all scorers. Gonzales' total boosted him to first place in league scoring.

Who Bowled What? Nobody Knows As League Records Gone

Keglers in the Day City-Colma Bowling league can just about name their own records in last week's action and get away with it.

Dick Ladd, secretary of the Daly City circuit, keeps all his bowling statistics in his briefcase. Stopping off Sunday at a bowling tournament in Redwood City, Ladd left the case in his auto. Returning to the car he found it stolen.
